MAKING DOCUMENTS WORK

XBM specialises in technology that will provide significant benefits to you, your business, your staff, and your service users.

Low energy printers will save you money on your electricity bills and reduce your carbon footprint.

Max2 Care Touch Tables provide interactive and engaging features to stimulate cognitive functions, memory recall, and sensory experiences, using pre-installed apps and online resources.

Local Service - Nationwide

MAKING DOCUMENTS WORK

With offices in Glasgow, Newcastle, Leeds, Manchester, Birmingham, and London and service technicians based locally nationwide, XBM provides a local service to thousands of customers.

We support every size of business and organisation, from micro businesses to corporate and commercial multisite businesses, charities and not for profits, and a wide range of public sector organisations.

At the core of the business is our goal to provide outstanding customer service, as a “customer first” organisation that delivers with integrity.
